CHAPMAN
UNIVERSITY

Office of Research

WHO WE ARE:

The Office of Research is committed to supporting and promoting a culture of excellence and integrity in research and creative/scholarly activity that enhances personalized education, faculty development, university reputation and community impact.

WHAT WE DO:**Sponsored Projects Services (Pre and Post Award):**

- Identify funding opportunities
- Proposal development
- Proposal submission and resubmissions
- Assist with contract negotiations & award acceptance
- Interface with administrative offices that support research
- Interface with funding agencies and foundations
- External partnerships and agreements

Partnerships and Commercialization:

- Develop Industry Partners
- Facilitate and negotiate agreements
(e.g., NDA, MTA, MOU, Data Transfer, Research)
- Invention disclosure, review and patent processing
- Identification of licensing opportunities and commercialization

Research Integrity (Support for ethical research):

- Institutional Review Board (IRB) for research with human subjects
- Institutional Animal Care and Use Committee (IACUC) for research with vertebrate animal subjects
- Responsibility conduct for researchers
- Financial Conflict of Interest (COI)
- Export controls
- Vivarium operations and support

Faculty Development

- Grant development training
- Cayuse training
- Seed funding opportunities
- Compliance training
