# THE NEW M.S. IN REAL ESTATE

Located in one of the most innovative and dynamic real estate markets in the world, the new M.S. in Real Estate at Chapman University will launch its first class in Fall 2020. Leveraging the Argyros School's legendary real estate industry network and outstanding faculty, students will learn the advanced financial modeling and related skills necessary to have an immediate impact in development firms, investment funds, asset management and more. No other program offers personal interaction with nationally recognized faculty and the business leaders that are transforming the face of Orange County. This program will be a vital resource for those launching or accelerating their careers in the real estate industry.
